

Eye Institute

Cornea/External Eye Disease Service

Overview

- Experienced, fellowship-trained cornea specialist with expertise in medical and surgical diseases of the cornea
- Areas of interest include small incision, no-stitch cataract extraction, one-stitch corneal transplantation, LASIK/PRK and surgical correction of astigmatism
- Specializing in complicated cataracts, small incision corneal transplantation (DSAEK/DLEK), intraocular lenses for presbyopia and astigmatism, and pediatric cataract extraction
- Offers specialized diagnostic screening including wave scan, videokeratography, pachymetry and anterior segment ultrasound
- Monthly conferences to review complex cases and discuss treatment plans
- Leading center for Descemet's Stripping and Automated Endothelial Keratoplasty (DSAEK)

Medical College of Wisconsin Physicians

Steven B. Koenig, MD – Section Head
 Medical College of Wisconsin Ophthalmologist
Fellowship trained – corneal surgery and external eye disease

We Work with you

Our physicians and staff work closely with referring physicians to coordinate treatment as well as follow-up care. Corneal physicians provide an initial consultation report and subsequent progress reports.

Location

Froedtert & The Medical College of Wisconsin Eye Institute
 925 N. 87th St.
 Milwaukee, WI 53226
 Appointments: **414-456-2020**
