

# Eye Institute Glaucoma Service

## Overview

- Fellowship-trained glaucoma specialists with extensive experience and expertise in medical and surgical management of glaucoma
- Offerings include surgical/laser management and combined cataract/glaucoma surgery
- Specializing in complex cases, as well as early-stage conditions, in adult and pediatric patients
- Excellent availability for appointments and emergency evaluations
- Areas of interest include ocular hypertension, normal-pressure glaucoma, hypotony, and congenital, infantile & pediatric glaucomas
- Actively involved in Ocular Hypertension Treatment Study, Tube Versus Trabeculectomy Study, and Ahmed-Baerveldt Comparison Study.
- Monthly conferences to review complex cases and discuss treatment plans

*Fellowship trained – glaucoma*

James C. Robinson, MD  
*Fellowship trained – glaucoma*

## We Work with you

Our physicians and staff work closely with referring physicians to coordinate treatment, as well as follow-up care. Glaucoma physicians provide an initial consultation report and subsequent progress reports.
