

# Gynecologic Cancer Program

## overview

- Fully staffed with highly experienced, board certified gynecologic oncologists
- Quick access for referred patients: appointments scheduled within one week; sooner for urgent/anxious patients
- Second opinion program available with appointments scheduled within 24 hours
- Offering a true multidisciplinary approach
- Weekly tumor boards review each case to form optimal treatment plans.
- Experienced in delivering chemotherapy, including targeted therapies and intraperitoneal treatment which has been shown to be more effective in treating some ovarian cancers.
- Experienced in minimally invasive surgery, including laparoscopic and robotic surgical approaches to cancer staging and treatment.
- Specializing in complex cases and advanced/radical pelvic surgery, which may involve extensive removal and reconstruction of intestines, urinary system, lymph nodes and peritoneal masses.
- Clinical trials available – team is consistently active in multi-institutional research initiatives
- Provide familial risk assessments: formal risk assessments for women and their families, cancer genetics education, genetic testing, and management plans for follow-up care

## **we work with you**

Our physicians and staff work closely with referring physicians to coordinate treatment, as well as follow-up care. We are also happy to consult with you on delivery of medical oncology. The Gynecologic Cancer Program team provides an initial evaluation report after the patient's first visit and subsequent progress reports.

## **contact us**

To refer a patient, or receive more information about the Froedtert & The Medical College of Wisconsin Gynecologic Cancer Program, please call 414-805-0505 or 866-680-0505. If you desire a physician-to-physician phone consultation or transfer, please call 414-805-4700 or 877-804-4700. You can also learn more about our programs and physicians at [froedtert.com/cancer](http://froedtert.com/cancer).
