

Gynecologic Cancer Program

Overview

- Fully staffed with highly experienced, fellowship trained gynecologic oncologists
- Quick access for referred patients: appointments scheduled within one week; sooner for urgent/anxious patients
- Second opinion program available with appointments scheduled within 24 hours
- Offering a true multidisciplinary approach
- Weekly tumor boards review each case to form optimal treatment plans.
- Experienced in delivering chemotherapy, including intraperitoneal treatment for ovarian cancer
- Experienced in minimally invasive surgery, including the robotic surgical approach
- Laparoscopic treatment and staging of endometrial cancer available for eligible patients.
- Specializing in complex cases
- First physicians in southeastern Wisconsin to use laparoscopic approach to perform radical hysterectomy and lymphadenectomy for stage 1 cervical cancer.
- Clinical trials available – team is consistently active in multi-institutional research initiatives

We Work With You

Our physicians and staff work closely with referring physicians to coordinate treatment, as well as follow-up care. We are also happy to consult with you on delivery of medical oncology. The Gynecologic Cancer Program team provides an initial evaluation report after the patient's first visit and subsequent progress reports.

Contact Us

To refer a patient, or receive more information about the Froedtert & The Medical College of Wisconsin Gynecologic Cancer Program, please call 414-805-0505 or 866-680-0505.
