we work with you

Our physicians and staff work closely with referring physicians to coordinate treatment as well as follow-up care. The Women's Incontinence and Sexual Health program team provides an initial evaluation report after the patient's first visit and subsequent progress reports. Consultations are available.

contact us

To refer a patient or for more information, please call **414-805-3666** or **800-272-3666**. If you desire a physician-to-physician phone consultation or transfer, please call **414-805-4700** or **877-804-4700**.
