Hospital Information and Mission Statement

Overview

Froedtert & the Medical College of Wisconsin Community Memorial Hospital, founded in 1964 by the citizens of Menomonee Falls and surrounding communities, is a full-service hospital that specializes in cancer care, heart and vascular care, orthopaedics, women’s health and advanced surgical procedures. Community Memorial Hospital is part of the Froedtert & MCW health care network, which also includes Froedtert Hospital, Milwaukee; St Joseph’s Hospital, West Bend; and more than 25 primary and specialty care health centers and clinics.

Mission Statement

Froedtert & the Medical College of Wisconsin advance the health of the communities we serve through exceptional care enhanced by innovation and discovery.

Service Area and Demographics

Community Memorial Hospital (CMH) develops its health improvement strategies and programs to meet the needs of the communities it serves. Community Memorial Hospital’s total service area consists of 25 zip codes – 53005 (Brookfield), 53007 (Butler), 53012 (Cedarburg), 53017 (Colgate), 53022 (Germantown), 53027 (Hartford), 53029 (Hartland), 53033 (Hubertus), 53037 (Jackson), 53040 (Kewaskum), 53045 (Brookfield), 53046 (Lannon), 53051 (Menomonee Falls), 53072 (Pewaukee), 53076 (Richfield), 53086 (Slinger), 53089 (Sussex), 53090 (West Bend), 53095 (West Bend), 53122 (Elm Grove), 53218 (Milwaukee), 53222 (Milwaukee), 53223 (Milwaukee), 53224 (Milwaukee), and 53225 (Milwaukee).
**Age** – Age – The CMH Total Service Area has a comparable age distribution as the Milwaukee five-county area. The percentage of 35-44, critical ages when people begin getting routine screenings, is 12.3% in the CMH Total Service Area and slightly higher at 12.4% in the five-county area.

![2015 Age Distribution](image)

**Race** – The racial distribution in the CMH Total Service Area is predominantly White (74.9%) and African American (17.7%). This is similar to the Milwaukee Five-County Area which is also predominantly White (73.8%) and African American (16.0%).

![2015 Racial Distribution](image)
**Household Income** – 40.4% of the CMH Total Service Area earns more than $50,000 annually whereas in the five-county area, 46.8% of the population earns $50,000 or more.

**Payer Mix** – 17.5% of the patients in the CMH Total Service Area are Medicaid or Self Pay (uninsured) patients, compared to 21.5% in the five-county area.
Health Needs of the Community

Community Health Needs Assessment

Froedtert Health is a member of the Milwaukee Health Care Partnership [www.mkehcp.org], a public private consortium dedicated to improving care for underserved populations in Milwaukee County. Through the Partnership, Milwaukee’s five health systems and the Waukesha County Health Department aligned resources to complete a shared community health needs assessment (CHNA) from February – July 2015. Supported by additional analysis from the Center for Urban Population Health, this robust community-wide CHNA includes findings from a community health survey of over 400 adults, 38 key informant interviews and a secondary source data analysis. This shared CHNA serves as the foundation for Community Memorial Hospital’s implementation strategy to improve health outcomes and reduce disparities in Washington and Waukesha Counties.

The CHNA summary and full reports can be found on Community Memorial’s website:

Community Memorial Hospital’s Community Engagement strategies are guided by the Community Outreach Steering Committee (COSC) which is a subcommittee of the hospital’s Board of Directors. The COSC actualizes the mission of Community Memorial Hospital (CMH) through community engagement activities that improve the quality of life and enhance wellness resources which meet identified comprehensive health needs of the communities served. The Community Outreach Steering Committee is appointed annually by the hospital president and is advisory to the CMH Board and Administration. Membership appointments are made each June with members serving one year terms. The COSC meets quarterly and is composed of hospital and board representatives plus community members representing the various constituencies of the total service area. Functions include:

- Provide a leadership role in advocating community wide responses to health care needs in the community
- Facilitate and support community and health care partnerships
- Envision, assess and guide new community benefit opportunities
- Identify and describe unmet health needs
- Promote universal access to health care

Under the direction of the Community Engagement Leadership Team and trained meeting facilitator; the planning process included five steps in developing the Implementation Plan:

1. Reviewed the Community Health Needs Assessment results for identification and prioritization of community health needs (Waukesha and Washington Counties)
2. Reviewed previous Implementation Plan programs and results
3. Reviewed current hospital and community health improvement initiatives and strategies
4. Ranked and selected priority areas
5. Select evidence-based strategies, partnerships and programs to address community health needs

After several facilitated workout sessions in September 2015, findings from the assessment were categorized into ten areas: Access to Care and Resource Navigation, Chronic Disease Management, Mental Health Services, Nutrition, Obesity and Physical Activity, Oral Health, Alcohol, Drug, Tobacco, Abuse and Other identified needs. To identify the top ranked priorities, members of the Advisory Committee were asked to rate each priority based on the following criteria: feasibility of Community Memorial Hospital to address the need (direct programs, clinical strengths and dedicated resources), alignment with Froedtert Health’s strategic priorities, current or potential community partners/coalitions and each need has achievable and measurable outcomes. Of those ten health needs categories, three overarching themes were identified as the focus for Community Memorial Hospital’s Implementation Plan for fiscal 2016 – 2018:

- Access to Care and Navigation
- Mental Health/Alcohol and Other Drug Abuse
- Chronic Disease Management
Implementation Strategy Evaluation

Community Memorial Hospital’s Community Engagement team along with the Community Outreach Steering Committee will regularly monitor and report on progress towards the Implementation Strategy objectives and provide quarterly reports to the Hospital’s Board of Directors and health system’s Community Engagement Steering Committee. Additional progress on the Implementation Plan will be reported annually through the hospital’s IRS Form 990 Schedule H filing and other reporting sources associated with strategic partners and community coalitions.

| CHNA Community Health Need/Rationale: | 9% of Waukesha County residents uninsured  
17% of Waukesha County residents did not seek medical care due to cost  
9% of population reported having unmet care in past 12 months  
8% of population did not take medications due to cost |
| F&MCW Strategic Plan: | Reach the underserved population with accessible, affordable health services. |
| Goal: | Expand assistance and support of the Community Outreach Health Clinic to improve access to healthcare for uninsured and underinsured populations. |
| Objective: | Continue the support of Community Outreach Health Clinic and community stakeholders to increase access to preventative and primary care, improve quality and reduce costs |
| Actions the hospital intends to take to address the health need: | Continue referral process for uninsured/underinsured populations from CMH to Community Outreach Health Clinic  
Provide ancillary/specialty care services for COHC patients  
Screen uninsured patients for financial assistance programs (Marketplace, BadgerCare etc) including Froedtert Health’s Financial Assistance Program  
Provide financial support for clinic operations and functions  
Screen patients for underlying AODA/Mental Health Conditions  
Provide behavioral health coaching and referral to community services |
| Anticipated impact of these actions: | Reduce unnecessary healthcare costs  
Reduce health disparities  
Strengthen community capacity and collaboration for shared responsibility to address unmet health needs |
| Plan to evaluate the impact: | Number of Community Memorial Hospital referrals to Community Outreach Health Clinic  
Number of patients served at Community Outreach Health Clinic  
Quality of care and service needs met through United Way Patient Impact Survey  
Number of donated ancillary services provided by Community Memorial Hospital and Froedtert & MCW Community Physicians Health Centers  
Internal data tracking preventable emergency department visits and readmissions |
| Froedtert Health Resources: | Organizational support through Community Memorial Hospital and Froedtert Health  
Philanthropic support from Community Memorial Foundation  
Froedtert & MCW Community Physicians  
Financial Counselors |
| Froedtert Health Collaborative Partners: | Addiction Resource Council  
Waukesha County Community Dental Clinic  
United Way of Greater Milwaukee and Waukesha County  
Waukesha and Washington County Health Departments |

</table>
| **CHNA Community Health Need/Rationale:** | • 33% of Waukesha County residents reported having High Blood Pressure  
• 26% of Waukesha County residents reported having High Blood Cholesterol  
• 7% of Waukesha County residents reported having Heart Disease or related condition  
• 9% of population reported having diabetes  
• 8% of population has Asthma  
• 8% of population did not take medications for their medical condition due to cost |
| F&MCW Strategic Plan:         | Reach the underserved population with accessible, affordable health services. |
| **Goal:**                    | Reduce readmission rates and increase timely access to care for individuals living with Chronic Conditions (Pneumonia, Congestive Heart Failure, AMI, Diabetes and Stroke). |
| **Objective:**               | Provide wellness checks within 48 – 72 hours of discharge for high risk populations for 65% of patients that qualify for program. |
| **Actions the hospital intends to take to address the health need:** | • Develop Community Paramedicine Pilot Program – December 2015  
• Determine technological needs, templates, care plans, agreements, education and related resources for pilot program  
• Identify patients at risk for readmission and develop referral and tracking process with Menomonee Falls and Lisbon Fire Departments |
| **Anticipated impact of these actions:** | • Reduce unnecessary healthcare costs  
• Reduction in hospital admissions and readmissions  
• Increase in awareness and self-management of chronic disease |
| **Plan to evaluate the impact:** | • Number of Wellness Checks performed by Menomonee Falls and Lisbon Paramedics  
• Number of consults provided by CMH Care Transition Coordinators  
• Number of reduced readmissions by patients with CHF, Stroke, Diabetes and Pneumonia |
| **Froedtert Health Resources:** | • CMH/CP Staff, Physicians and Nurse Practitioners  
• Community Outreach Health Clinic  
• Case Management/Care Transition Coordinators  
• Community Memorial Foundation  
• Quality Department |
| **Froedtert Health Collaborative Partners:** | • Menomonee Falls Fire Department  
• Town of Lisbon Fire Department |

<th>Partnership – Community Based Clinical Services via Community Health Navigator Model</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHNA Area of Focus:</td>
<td>Access to Care/Navigation</td>
</tr>
</tbody>
</table>
| CHNA Community Health Need/Rationale: | • Lack of awareness of what services and programs exist for community members in Washington and Waukesha Counties  
• Fragmented coordination of care amongst non-profit organizations  
• Difficult to navigate resources in Washington and Waukesha Counties |
| F&MCW Strategic Plan: | Align health system resources with identified health needs in the Community Health Improvement Plan for Washington County (health literacy, care navigation, community health worker, effective models, best practice). |
| Goal: | Expand assistance and support for the Community Health Worker network to improve access to healthcare services for vulnerable populations. |
| Objective: | Increase self-management of high risk populations by addressing social determinants of health in CMH’s service area |
| Actions the hospital intends to take to address the health need: | • Audit existing partnerships with non-profit health and human service agencies in Froedtert Health’s service area  
• Create new partnerships based upon demographics and health needs  
• Recruit and train individuals on Community Health Worker model  
• Conduct routine evidence based health prevention and management programs (Living Well with Chronic Conditions, Community Education Programs etc.) |
| Anticipated impact of these actions: | • Reduce unnecessary healthcare costs  
• Coordinate available resources for patients and vulnerable populations including follow-up and referral process  
• Increase health literacy and self-management for health conditions/healthy living  
• Strengthen community capacity and collaboration for shared responsibility to address unmet health needs |
| Plan to evaluate the impact: | • Number of community partnerships  
• Number of individuals receiving education, prevention, primary care referrals and screenings at the various locations  
• Number of individuals referred to health and human services in Washington County |
| Froedtert Health Resources: | • Community Engagement staff |
| Froedtert Health Collaborative Partners: | • Community Outreach Health Clinic  
• Waukesha County Public Health Department  
• Washington County Human Services |

**Actions the hospital intends to take to address the health need:**
- Actively participate in Waukesha and Washington County steering committees and project teams  
  - Heroin Task Force  
  - Drug Free Communities Drug Collection and Awareness Events  
  - Washington County Community Health Coalition  
- In-kind support of Froedtert Health leaders, staff and physicians with knowledge and expertise in behavioral health  
- Identify service gaps within Froedtert Health

**Anticipated impact of these actions:**
- Plan in Development

**Plan to evaluate the impact:**
- In Development

**Froedtert Health Resources:**
- Community Engagement leadership/staff  
- Grant support through the Community Outreach Steering Committee  
- Froedtert Health Behavioral Health Services

**Community Coalition Partners:**
- Waukesha County Health and Human Services and Public Health Departments – Lead Agencies  
- NAMI  
- Addiction Resource Council (Waukesha County)  
- Health care systems in Waukesha County  
- Waukesha County School Districts  
- Menomonee Falls Police Department
In addition to Froedtert & the Medical College of Wisconsin Community Memorial Hospital’s Implementation Strategy, the organization fulfills its mission through other important community engagement activities and partnerships:

- **Healthcare Career Academy** – Job shadowing and education program for Menomonee Falls, Hamilton and Germantown School District students interested in a career in healthcare (Workforce Development and Health Professions Education).

- **Community Outreach Steering Committee Grant Program** – Quarterly grant process that supports programs and projects to area non-profits and coalitions focused on improving health and wellness of Washington and Waukesha County residents (Funding based on identified community needs and outcomes).

- **Health Professionals Education** – Annual preceptorships, clinical rotations, residencies and job shadows for students attending area high schools, colleges and universities (Workforce Development).

- **Subsidized Flu Clinics** – Through financial support of the Community Memorial Hospital Foundation, CMH Pharmacists provide free flu shots to underserved populations throughout the hospital’s service area at various community access points (Access to Care).

- **Subsidized Transportation** – Vouchers for Community Memorial Hospital patients at or below 250% Federal Poverty Level needing access to hospital services or post discharge (Access to Care).

- **Every 15 Minutes** – Annual program in partnership with CMH Emergency Department Staff, Menomonee Falls and Germantown School Districts that demonstrates the dangers of impaired/drunk driving (AODA).

- **Community Garden** – Community Memorial Hospital’s on-campus garden provides produce to low-income populations residing in the hospital’s service area that may not readily have access to fresh vegetables (Chronic Disease Management).

- **Healthcare Coverage and Enrollment** – Froedtert Health Certified Application Counselors providing enrollment assistance to BadgerCare and Marketplace eligible patients (Access).

- **Waukesha County Heroin Task Force** – Community Coalition lead by the Addiction Resource Council with the primary focus of reducing individual, family, neighborhood and community harm from substance abuse (AODA).

- **Annual United Way Employee Giving Campaign** – Annual campaign where St. Joseph’s Hospital and Froedtert Health leaders, physicians and staff can donate money or volunteer to help support the United Way of Greater Milwaukee and Waukesha County

- **Froedtert in Action** – Froedtert Health’s leadership involvement on Community Boards, Coalitions, Chamber of Commerce and direct Community Health Improvement/Engagement efforts in Washington and Waukesha Counties
