Froedtert HOSPITAL
FOUNDATION

2011 Thank You Report

DEAR FRIENDS

I look forward each year to this opportunity to connect with our donors through our Thank You Report. This year was special. We celebrated the 30th anniversary of Froedtert Hospital with a premiere gala event.

At The Heritage and Hope Celebration, patients, donors, medical professionals and supporters of Froedtert Hospital gathered at the Pfister Hotel to pay tribute to the past and look to the future.

Reflecting on 30 years of history reminds us of those leaders that created our hospital. Our future is bright because of them: my predecessor Dean Roe; individuals such as Bob Bradley, Wayne Roper, Tom Smallwood, Joe Rapkin and John Doyne, and, of course Kurtis Froedtert, whose vision inspired this hospital more than 30 years ago.

As for the future, I believe that the best is yet to come. Foremost in the minds of our staff is our focus on the patient. They have put their trust in us and we have to fulfill it each and every day.

Fulfilling the trust is possible with the gifts of donors, the people we celebrate in this annual Thank You Report. Philanthropic support helps us achieve tomorrow's vision and the vision that is 25, 30 and 50 years from now. Our donors create our future.

Froedtert Hospital Foundation is an essential partner to all of our staff and physicians. The funds raised by the Foundation support programs above and beyond what our budget allows. This is especially important in this time of economic pressure and cost cutting. I am happy to say that the Foundation raised over $4 million this year, a new level of philanthropy that is bringing great benefit to our community.

Our donors and the Froedtert Hospital Foundation are a critical part of building a strong future for Froedtert Hospital. Thank you for your vision and support.

With gratitude,

William D. Petasnick
President and CEO, Froedtert Hospital

THANK YOU

Thank you for your gifts in 2011. Thank you for helping us to advance patient care, clinical research and education in very meaningful ways throughout Froedtert Hospital.

HERITAGE AND HOPE CELEBRATION

The Pfister Hotel ballroom was bursting at the seams with nearly 600 attendees who gathered to salute Froedtert Hospital during the hospital's first gala event, The Heritage and Hope Celebration.

Surrounded by the elegance of the Pfister and bathed in signature blue lights, guests enjoyed luxurious dining and great company. A highlight of the evening was the presentation of three Heritage and Hope Awards given for exemplary service to leaders important to the hospital's 30-year history and continued success.

Award recipients Thomas Smallwood, J. Frank Wilson, MD, and William Petasnick have made significant contributions to the advancement of academic medicine at Froedtert Hospital. All are leaders in the hospital and larger community, distinguished for exceptional integrity and advocacy. The recipients humbly accepted the honor after receiving heartwarming introductions from Froedtert Hospital Foundation board members Marcy Neuburg, MD, Jan Lennon and Geneva Johnson. The presenters offered well-deserved tributes for the leaders whose vision and commitment shaped our hospital.

Following the awards presentation, guests were treated to some Milwaukee memories with former Milwaukee Bucks basketball player Kareem Abdul-Jabbar. Diagnosed with a form of leukemia, Abdul-Jabbar shared his cancer story – particularly how new drugs made possible by medical research are helping him live a relatively normal life – and lauded the cancer research efforts at Froedtert & The Medical College of Wisconsin.

The Heritage and Hope Celebration raised more than $200,000, which will benefit clinical and translational research – one of the defining components of our academic mission.

Patients at Froedtert & The Medical College of Wisconsin have access to hundreds of clinical trials – studies investigating new, potentially better ways to treat disease. No other health care provider in eastern Wisconsin matches the breadth and depth of our work in the area of clinical research. Philanthropy from efforts like the Heritage and Hope Celebration is vitally important to supporting clinical and translational research in its earliest, most formative stages and bridging any funding gaps to ensure its continuation.

Heritage and Hope CELEBRATION

Attendees at The Heritage and Hope Celebration included: (above far left) featured guest speaker Kareem Abdul-Jabbar as he took the stage, (above left) Gevonnia Horton, Constance Holman, Tanganyika Jones and Annette Westmoreland; and (above) The Wilson Family – Frank Wilson, award recipient Dr. J. Frank Wilson and Vera Wilson. The Heritage and Hope Awards are pictured at far left.

From the Executive Director

Everyday I am honored to work with the donors to Froedtert Hospital Foundation and it's a privilege to help them create their philanthropic vision – to help them give back to Froedtert.

Every dollar donated is the first ripple – a pebble dropped in a pond that expands to help many others and build the reputation of Froedtert Hospital.

After the gift is made, the Foundation distributes donated funds, almost a million dollars annually, to support programs throughout the hospital. These dollars are sometimes designated for specific programs by patients whose lives have been changed by the care they received at Froedtert.

The importance of these gifts goes beyond just that dollar. Each dollar builds the hospital's reputation. Funds donated to cancer research, for example, are important as the Clinical Cancer Center seeks National Cancer Institute designation as a Comprehensive Cancer Center. Plus, donations help to leverage more funds from national foundations and federal grants that recognize the strength of our philanthropic support.

This ripple effect is powerful. Beginning with the immediate satisfaction of helping someone in need, then enhancing the reputation and strength of Froedtert Hospital, which encourages additional larger donations – it's a process that changes lives.

It begins with our donors. Everyday I have opportunities to thank the generous donors to the Froedtert Hospital Foundation and I'm honored to do so again. Thank you to every donor to the Foundation. Your generosity inspires me and so many others, to build, achieve and promote the very best that Froedtert Hospital has to offer.

Nora T. Sale, CFRE
Vice President and Executive Director
Froedtert Hospital Foundation

CONTINUING A FAMILY TRADITION

When Betsy Trimble became involved with Froedtert Hospital, she'd never been a patient here. Yet, she always knew how lucky Wisconsin is to have a hospital like Froedtert "in its midst."

Betsy comes from a very philanthropic family. She jokes that the family has "a fondness for hospital elevators," having made several donations to name elevators. Because of Froedtert's reputation, Betsy was happy to consider a gift to the new Froedtert & The Medical College of Wisconsin Clinical Cancer Center. She was "excited to carry on the family tradition of naming an elevator" in this very special place. She says, "To have a nurturing environment like Froedtert to take care of people is amazing. Along with a beautiful facility, it's important to know that the hospital is on top of the latest research, and recruiting the best doctors from all over the country."

Later, Betsy joined the board of the Froedtert Hospital Foundation. "I knew I wanted to be more involved, so I joined the board to further Froedtert's causes and advancements. Little did I know that I would soon be a Froedtert patient myself."

Betsy's journey as a Froedtert patient began with her mother's skin cancer diagnosis and treatment at another facility. The experience was not a good one. What should have been a simple procedure took hours. Then, just a few weeks later, Betsy was diagnosed with the same skin cancer as her mother. Betsy was not looking forward to the same long procedure.

Betsy turned to Marcy Neuburg, MD, at Froedtert & The Medical College. She heard that Dr. Neuburg "was the best" and scheduled her surgery here. When her daughters took her to the procedure, she "begged them to drop me off and come back later." She says, "I didn't want them to have to sit all day like I had done with my mother. They insisted on staying so I sent them down for breakfast and on a mission to buy a lot of magazines. By the time they got back from a quick breakfast, I was done!"

Betsy was impressed by the care she received. Relieved, she says, "I worried for nothing. I was thrilled, but felt very bad for my mother who had such a different experience and an exhausting day."

Soon after, Betsy gave back yet again, making a contribution to the Skin Cancer Center. The gift, made through a donation of appreciated stock, was motivated by her desire for other skin cancer patients to have the same "painless" day as her. She encourages other donors to consider making a gift of stock. "Whether it's a larger sum through stock, or something little that I can raid the piggy bank for, an investment in Froedtert is an investment in Wisconsin's future and the health of its people."

Named Funds & Endowments

Named funds and endowments provide continuous support for programs at Froedtert Hospital. Gifts may be made to any of the funds listed or a new, named fund or endowment may be created according to your wishes.

- Mark Adams Froedtert Transplant Endowment
- Apollo Fund for Philanthropy
- Arthur J Balzer Cardiovascular Fund
- BAKEN Fund for Indigent Care and Nursing Education
- Charles E. Benidt Endowment for Chaplaincy
- Dolores Benidt Breast Cancer Fund
- James C. Benjamin Family Fund for Brain Tumor Research
- Greg and Cathy Buck Staff Education Fund
- Gary & Krista Colpaert Fund
- Curt and Sue Culver Fund
- Cull Family & Royal Recognition Inc. Fund
- Dynacare Endowment for Community Health Education
- Catherine & Eric Jacobson Fund
- Junkerman Endowment for Medical Education
- Bobbe Petasnick Memorial Breast Cancer Fund
- Bobbe Petasnick Fund for Staff Education
- Thomas A. & Lorraine M. Rosenberg Endowment for Clinical Cancer Research
- Paul W. Runge, MD Fund
- Nora and Marc Sale Fund for Senior Health
- Craig & Mary Schiefelbein Fund
- Donald J. Schuenke Cancer Fellowship Endowment
- Molly Erin Schwab Endowment
- John B. Sendik Endowment for Neuroscience
- Smallwood Award Fund
- Staff Electric Company Fund
- Steger Nursing Education Endowment
- Russell E. Story Endowment for Clinical Neuroscience
- Russell E. Story Endowment for Nephrology & Urology
- Tierney Family Fund
- Donald & Jean Turek Nursing Scholarship Fund
- Mazie Froedtert Willms & Sue Froedtert Cancer Fellowship

We will be happy to discuss creating or supporting a fund or endowment. A fund can be created through a gift of as little as $20,000. Please contact Nora Sale, Vice President & Executive Director, Froedtert Hospital Foundation, 414-805-2699.

PLANNED GIVING

Because they were dedicated Milwaukeeans, Don and Jean Turek knew that Froedtert's staff are some of the best in the business.

Married for 51 years before Don's death in 2006, the Tureks lived in Elm Grove for more than 50 years. Don was known around town as a proud veteran, loyally serving as Executive Director of the War Memorial Center for 40 years. Eight years before his death at age 77, Don was diagnosed with chronic leukemia and chose Froedtert Hospital for his treatment. Jean, after suffering a stroke in 2005, received all of her medical care here. The couple was grateful to medical oncologist Christopher Chitambar, MD; pulmonologist Elizabeth Jacobs, MD; internist Benjamin Tobin Jr., MD, and many others for their care.

When it was time for them to make their estate plans, the Tureks wanted to include Froedtert Hospital. They became members of the Froedtert Hospital Foundation Signature Society, a donor recognition group for people who include Froedtert in their estate plans.

Jean died in 2010. When it was time to select a destination for their estate gift, their niece, Paula Strelitz, had this recollection: "A few years ago, Jean and I were touched by a single mom who assisted in Froedtert's Physical Therapy department and was very excited to be attending nursing school. She was such a positive, hard-working young lady."

From this experience, Jean developed an interest in helping people without a nursing background earn their nursing degree. Paula felt that this was the perfect destination for their generous estate gift and thus it was directed to the nursing scholarship program. Now in its sixth year, the program provides four annual $2,500 scholarships to eligible staff. The scholarships are funded entirely with contributions to the Froedtert Hospital Foundation's Nursing Fund. Selected applicants may use the funds to offset tuition, books or even childcare fees.

Two scholarship recipients for each of the next four years will be honored as Donald and Jean Turek Scholars. Turek Scholars for the 2011-2012 academic year are Allison Bursiek, Labor and Delivery, pursuing her bachelor's degree in nursing, and Kimberly Leach, Telemetry Department, pursuing her associate degree in Nursing.

Signature Society Luncheon

Signature Society members and special guests met in 2011 for the fourth-annual thank you luncheon. New Signature Society members were honored, including individuals who confirmed their intentions to include Froedtert Hospital Foundation in their estate plans and others who died in the past year and directed gifts in their estate. We honor and appreciate their support.

Ann Ferge Beauprey, Carl Beauprey, Geneva Johnson, Cathy Jacobson and Tom Kirchen.

Additional nursing scholarships were awarded to Inderjit Pooni, Surgical Intensive Care Unit, and Jessica Yanny, Educational Services.

Paula Strelitz recalls that day with her Aunt Jean in the physical therapy department. She remembers that assistant and knows that Jean and Don would be pleased. They would be proud to know that these scholarships will continue to benefit people just like her.

COMMUNITY EVENTS

Strain for the Brain 5K Run/Walk supports the Brain Tumor Fund.

When Milwaukee gastroenterologist Mike Molloy, MD, was diagnosed with a brain tumor, "Mike the physician" had to adjust to being "Mike the patient" – an eye-opening experience. "I had great support throughout. The support of doctors, nurses, friends and family – that meant so much."

Mike suffered a seizure when attending a medical conference. A CT scan showed a plum-sized mass in the left frontal region of Mike's brain. He was diagnosed with glioblastoma multiforme, a malignant (cancerous) brain tumor.

After two surgeries, Mike returned to Milwaukee and plugged into Froedtert & The Medical College, where Mark Malkin, MD, a neuro-oncologist, managed his treatment.

Today, Mike is feeling good, working full time and gets MRI scans annually. He credits the support he received from his Froedtert team and support group as critical to his recovery.

Spurred by Mike's experience, a friend, Karen Spring, resurrected a successful walk called Strain for the Brain in Milwaukee with the original organizer's blessing. In 2010, organizers partnered with the Froedtert Hospital Foundation to direct funds to local cancer research and treatment. The event is now an annual fundraiser for Froedtert – an important one to raise funds for patients like Mike. In 2011, the event raised almost $25,000.

Beginning at Milwaukee's Veteran's Park, this 5K Run/Walk was held on May 14. Proceeds benefited the Froedtert Hospital Foundation's Brain Tumor Fund. The organizers' goals are not only to raise funds for brain tumor research, but also raise awareness of the issues that brain tumor patients and their loved ones endure.

Fundraising for cancer research has become an important mission for Mike. Raising funds through events such as Strain for the Brain, as well as personal donations to cancer research and the Froedtert Hospital Foundation, are a few ways Mike has found to share his ample positive energy. "For me, it's never about personal recognition," Mike said. "It's about finding value in life's lessons and sharing something good to help others."

For more information, please visit ***www.strainforthebrain.com***.

2010-2011 Community Events

Every year, organizations, friends and community groups gather together to raise funds and support for the Froedtert Hospital Foundation. Thanks to all of them for a job well done!

From the Board Chair

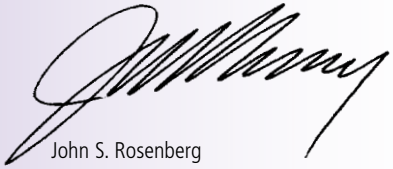
2011 was an exciting year for the Froedtert Hospital Foundation. Thanks to your generous support, we exceeded our goals and celebrated a record year, raising over $4.3 million.

Our first event of the year, the 17th annual Froedtert & The Medical College of Wisconsin Desert Classic, premiered at a new location, Gainey Ranch in Scottsdale, Arizona. Under the leadership of chair Mark Baumgartner, the Desert Classic raised over $100,000 to benefit the Froedtert & The Medical College of Wisconsin Clinical Cancer Center.

Another event, the Heritage and Hope Celebration, was held in May to celebrate the 30th anniversary of the hospital. Almost 600 guests gathered to remember our past, honor three key leaders and highlight Froedtert & The Medical College's bright future as eastern Wisconsin's only adult academic medical center. More than $200,000 was raised to support our important mission of clinical and translational research.

In an effort to build on past successes and raise the bar for future fundraising efforts, the board held a planning retreat to develop new goals and priorities. We also welcomed three new board members; Marcy Neuburg, MD, of Froedtert & The Medical College of Wisconsin, Michael J. Schroeder of Robert W. Baird and Joanne Lawlis-Schulz, community volunteer. I look forward to working with them to raise the money needed to fund important programs across the hospital, ensuring excellence in patient care, clinical research and medical education.

Every year, I am so grateful for the donors, staff, board members and other volunteers that work to support our mission. Thank you for your continued leadership and support.



John S. Rosenberg
Board Chair
Froedtert Hospital Foundation

COMMUNITY EVENTS

Board Break-A-Thon supports the brain injury rehab program at Froedtert Hospital.

The day that Greg Phelps met Jeff and Tiffany Fisher, you could say that Greg wasn't at his best. Greg, an avid runner, was running through Pewaukee when he was struck by a car from behind.

The Fishers had been following the driver for miles, with Tiffany calling the police because of his erractic driving. They watched in horror as the driver veered off the side of the road and struck Greg from behind. Critically injured, the Fishers ran to his side and comforted Greg until help arrived. Greg suffered 14 broken bones and a lacerated liver, but it was his head injury that was the most severe after he hit and broke through the car's windshield.

After Greg was injured, he was brought to Froedtert Hospital's Level One Trauma Center. It was tough going but Greg believes that it was the extraordinary care by his medical team that got him through. Greg spent a month in Froedtert's Brain Injury Center and, with expert care and compassion, fought his way to recovery.

The accident changed their lives. What began with a tragedy ended in a new friendship. Jeff and Tiffany, members of a New Berlin tae kwon do school, wanted to help Greg and his wife Marlene with their medical costs. A fundraising event came to mind. Greg declined help for himself, but decided the event proceeds should help other patients at Froedtert Hospital.

Over 100 people attended the event, at the World Martial Arts Academy. The Board Break-A-Thon, raised over $8,000 for the brain injury rehab program at Froedtert Hospital. At the event, just a few weeks after his second surgery, Greg was invited to break a board himself. Joking, Greg suggested that perhaps he should break it with his head. The comment underscores Greg's humor and resilience.

He is careful to warn that he's not fully recovered and will always bear the scars from the accident, but he's on the road again. He's running outdoors again for the first time since the accident. Greg credits his Froedtert team and was proud that members of his rehab team attended the fundraiser. Greg knows that the funds raised will benefit others in similar situations. It was a full-circle moment for Greg, and happened with his new friends, family and his Froedtert team at his side.

17th Annual Desert Classic Golf Outing

The gorgeous Gainey Ranch Golf Club in Scottsdale, Arizona, provided the backdrop for the 17th Annual Desert Classic Golf Outing. The event, held on Saturday, February 26, featured great golf and Froedtert friends all gathered at an oasis in the Arizona desert.

Presented by Irgens Development Partners, LLC, 97 golfers enjoyed a buffet lunch and 18 holes of golf with challenging contests and a margarita and cigar bar. Following golf, all enjoyed views of the majestic McDowell Mountains during an awards reception, and celebrated the high and low scores of the day. During the evening, Milwaukee Brewers' announcer Bob Uecker shared the story of his lifesaving heart surgeries at Froedtert Hospital.

This year marked the passing of three of our dedicated participants – Ron Siepmann, Jack Murray and Jim Smyth. We take our caps off to these gentlemen who have been long-time and active members of this event.

The Desert Classic has raised more than $1.3 million to benefit Froedtert & The Medical College of Wisconsin Clinical Cancer Center. Mark your calendar for a repeat performance – the 18th annual event on Saturday, March 3, 2012.

2011 DONOR IMPACT REPORT

Big and small, gifts to the Froedtert Hospital Foundation have an impact. Here's how major gifts and contributions—most directed to specific areas of interest—made a difference in the past year.

Advances in patient care. Gifts supported:

- Renovation of Spinal Cord Injury Center patient education and meeting space, and the Radiology waiting area.
- Recruitment of a clinical neuropsychologist with nationally recognized expertise in traumatic brain injury and sports concussions, in particular.
- Vouchers for skin and hair care products and services at the Clinical Cancer Center's Small Stones Wellness Center.
- Apple iPads to facilitate cognitive rehabilitation of patients recovering from brain injury.
- New support groups for colon cancer and gynecologic cancer patients.
- Staffing and supplies for Spiritual Services (formerly Chaplaincy) and the Child Life program, which assists children with a hospitalized parent or loved one.

Research to treat and cure. Gifts supported:

- Brain imaging research to track cognitive changes in children of parents with Alzheimer's disease.
- Research and outreach efforts focused on culturally sensitive, breast-health education to minority women and help with facilitating breast screening plans.
- Brain tumor research on basic mechanisms of glioblastoma multi-forme, the most common, primary form of brain cancer, with the hope that this study might yield knowledge for improving treatment.
- Study of a new, antibody-based treatment for graft vs. host disease, a major complication of bone marrow transplantation.
- A clinical research nurse manager to direct clinical trials in the department of Urology.
- A new skin cancer research fund to provide 5-10 seed grants for patient-centered studies.

Education for staff, physicians and patients. Gifts supported:

- Three fellowships providing advanced training to physicians interested in underserved specialties including cancer care and the neurosciences.
- Four $2,500 nursing scholarships, awarded for the sixth-consecutive year.
- "Grand Rounds" educational lecture series in cardiovascular medicine, funding visits from expert physicians and researchers from throughout the country.
- Staff attendance at conferences/symposia focusing on cancer nursing research, diabetes, gynecologic cancer, heart and vascular care, palliative care and stroke. Major sponsorship of conferences/symposia in endocrine surgery and vascular access, bringing together physicians and staff to share best practices.
- Patient and community education including sponsorship of a new Trauma Center educational video promoting helmet use, and informational binders and books for newly diagnosed cancer patients.

Basic Needs Assistance.

The Indigent Care Fund helps to support some of our patients' most basic needs, including stipends for groceries and transportation. Important medical equipment and supplies have also been supported, including short-term prescription needs, congestive heart failure discharge kits, therapeutic pillows, scales and other items.

DONOR RECOGNITION

We are pleased to recognize the support of individuals and organizations that give generously to the Froedtert Hospital Foundation.

Gifts or pledges made during the fiscal year 7/1/10–6/30/11 are included in this report. Gifts or pledges received after 6/30/11 will appear in next year's thank you report. Please help us keep our records accurate by calling 414-805-7788 with questions, comments or corrections. You may also e-mail us at kisherwo@froedterthealth.org.

Heritage Society

Donors who have made lifetime contributions or pledges of $10,000 or more are recognized through our Heritage Society. These donors form the foundation of support for the Froedtert Hospital Foundation. They are our "heritage."

Hope Society

The Hope Society recognizes new annual gifts (of any amount) to the Froedtert Hospital Foundation – they are a key to our future. Gifts or pledges made during the fiscal year 7/1/10–6/30/11 are included in this list. Gifts or pledges received after 6/30/11 will appear in next year's report. The Hope Society list does not include pledge payments. Pledges are recognized in their entirety in the year they are made.

National Breast Care Foundation/ Cancer Society Grant

Significant grants from the National Breast Cancer Foundation Inc. and American Cancer Society (ACS) are helping to expand outreach efforts to African-American women in Milwaukee's central city. The primary aim is to encourage breast health and facilitate breast health screening in accordance with ACS guidelines. The need for this important work is well substantiated; nationally, breast cancer mortality is highest among ethnic minorities, the poor and underinsured.

Staff with the Froedtert & The Medical College of Wisconsin Breast Cancer Program will conduct breast health sessions in the next year for more than 1,000 under- or uninsured African-American women ages 40 and older. Annual mammograms are recommended, and women are referred to the Wisconsin Well Woman Project and other resources for screening and follow up. ACS funding is supporting two specific projects addressing barriers to early detection and treatment for breast cancer in African-American women.

GIFTS OF TRIBUTE

Gifts of tribute are made in honor or memory of someone who has added special meaning to your life. They are often given to celebrate a special occasion such as a birthday or anniversary, or the passing of a loved one.

Froedtert Hospital Foundation provides notification to the person honored, or the designated relative of the person memorialized. Unless otherwise instructed, the amount of the gift remains confidential.

Honorials 2010/2011

Linda S. Allen
Waukesha County Area Technical College District

STAFF GIVING CAMPAIGN

Froedtert staff go "above and beyond" in their care of patients. Through their charitable gifts to the Froedtert Hospital Foundation, they also inspire others to support Froedtert programs.

Many of our staff give to support patient care, education, clinical and nursing research, often in their own departments. Most give through our annual Staff Campaign held in January of each year. Those gifts are recognized here.

Froedtert HOSPITAL
FOUNDATION

MISSION

The Froedtert Hospital Foundation mission is to develop and grow philanthropic resources to optimize the initiatives of Froedtert Hospital to improve patient outcomes, with specific support for clinical research, clinical centers of excellence, patient care, and related capital, health and community health education programs.

VISION

The Froedtert Hospital Foundation vision is to support Froedtert Hospital, through philanthropy, in achieving its full potential as a unique state and national healthcare resource, known for patient-centered care, innovation, high-quality staff, teaching and clinical research—to support Froedtert Hospital in becoming a world class healthcare organization.
