Froedtert Hospital Foundation provides support for the highly specialized care, research and teaching that distinguish Froedtert Hospital as a top academic medical center in the United States and the only one in eastern Wisconsin. Gifts to the foundation support programs, research and technology that allow us to give patients the very best care. For more information about the Froedtert Hospital Foundation, please call 414-805-2699.
Patients and families often tell us how grateful they are for the care provided by Froedtert Hospital nurses. The Froedtert Hospital Foundation Nursing Fund provides an opportunity to express your appreciation and recognize the care you or a loved one received.

Froedtert's nurses are among the best in the country. In fact, the American Nurses Credentialing Center has awarded Froedtert Hospital its highest honor for excellence in nursing services—Magnet designation. Designation through the Magnet Recognition Program® means Froedtert's nurses are among the country's best in caring for patients, working as a team, pursuing ongoing training and giving to the community.

Nurses at Froedtert Hospital aggressively pursue professional advancement through continuing nursing education and research. Many Froedtert Hospital nurses are advanced practice nurses or clinical nurse specialists, earning master's or doctorate degrees. These efforts bring renewed energy and knowledge to patient care.

Your gifts make advanced nursing practices and the very best care possible.

Your Gift Helps in Many Ways

A gift to the Nursing Fund is an ideal way to honor and support the caregivers who supported you during your hospital stay. Gifts of any size make a difference and provide support for many programs and services, such as:

- **$100** provides the opportunity for a nurse to attend local conferences and update their skills
- **$250** supports nursing certification classes to validate nurses’ skills, knowledge and abilities and contribute to better patient outcomes
- **$500** funds nursing excellence awards, recognizing Froedtert Hospital nurses who go above and beyond the call of duty in caring for patients, leading and/or mentoring their peers, or making significant professional or voluntary contributions to improve patient care
- **$1,000** supports nursing research to evaluate and implement best practice nursing
- **$2,500** provides educational assistance for a scholarship, leading to a nursing degree

Your gifts make advanced nursing practices and the very best care possible.
