Who We Are

Froedtert & the Medical College of Wisconsin Community Memorial Hospital, founded in 1964 by the citizens of Menomonee Falls and surrounding communities, is a full-service hospital that specializes in cancer care, heart and vascular care, orthopaedics, women's health and advanced surgical procedures. Community Memorial Hospital is part of the Froedtert & MCW health care network, which includes Froedtert Hospital in Milwaukee, eastern Wisconsin's only academic medical center; hospitals in Kenosha, Pleasant Prairie and West Bend; and more than 40 primary and specialty care health centers and clinics.

A teaching hospital, Community Memorial Hospital is home to inpatient training for the Medical College of Wisconsin's Community Memorial Family Medicine Residency Program. The residency program began in July 2017 and has six residents in each class. A three-year residency, the program includes 18 residents.

Community Memorial Foundation supports the mission of Community Memorial Hospital. As the fund-raising arm of the hospital, the foundation supports many deserving projects directly benefiting patient care within the hospital as well as the broader community and service area through special events and giving campaigns.

The Community Outreach Health Clinic at Community Memorial Hospital serves uninsured or under-insured individuals. The clinic's mission is simple, advancing the health of the communities it serves through exceptional care enhanced by innovation and discovery. No patient is turned away because of the inability to pay for needed health services.

With more than 280 volunteers, Volunteers in Partnership with Community Memorial Hospital supports the mission of the hospital by providing care and services to patients, families, visitors, providers and staff. In fiscal year 2018, the volunteers logged 34,896 hours of total service hours to Community Memorial Hospital.

A non-profit facility accredited by The Joint Commission, Community Memorial Hospital enhances and improves the quality of life in Waukesha, Washington, Milwaukee and

Ozaukee counties by combining next-generation technology with personalized care.

July 1, 2014, marked the 50th anniversary of Community Memorial Hospital. For five decades, the 'hospital on the hill' has met the health needs of its patients and been a part of the fabric of the Menomonee Falls community. Proclamations from the Village of Menomonee Falls, Waukesha County and the State of Wisconsin were given to the hospital in recognition of 50 Years of Caring.

Recognitions

Vizient Top Complex Teaching Medical Center

Vizient, an alliance of United States academic medical centers and hospitals, ranked Community Memorial Hospital, Menomonee Falls, No. 1 out of 100 participating complex teaching medical centers in Vizient's 2018 Quality and Accountability Study. Achieving similar recognition in 2017, this latest honor marks improved performance and the hospital's first year in the complex teaching medical center category, a reflection of growing capabilities at Community Memorial Hospital. The annual Vizient Quality and Accountability Study assesses performance in quality and safety across a broad spectrum of patient care activities.

High Performing

Community Memorial Hospital was ranked as high performing in hip and knee replacement in the 2018-19 *U.S. News & World Report* "Best Hospitals" list. This achievement is reflective of the innovation, service and teamwork that happens every day at the Froedtert & the Medical College of Wisconsin Joint and Spine Center located at Community Memorial Hospital. The Joint and Spine Center serves as the health network's hub for elective total joint replacements including hip and knee replacements.
