Who We Are

Froedtert Hospital, the primary adult teaching affiliate for the Medical College of Wisconsin, is a 604-bed academic medical center that delivers advanced medical care.

Froedtert Hospital is nationally recognized for exceptional physicians and nurses, research leadership, specialty expertise and state-of-the-art treatments and technology. It serves as an eastern Wisconsin referral center for advanced medical practice care in 37 specialties and is a major training facility with more than 1,000 medical, nursing and health technical students in training.

In partnership with the Medical College of Wisconsin, it is also a respected research facility with more than 2,000 research studies, including clinical trials, conducted every year. Froedtert Hospital operates the region's only adult Level I Trauma Center.

Froedtert Hospital is located on the Milwaukee Regional Medical Center campus. Froedtert Hospital is part of the Froedtert & MCW regional health network, which is composed of five hospitals, including an academic medical center, and nearly 40 health centers and clinics. It is the only health system in the region that includes an academic-community partnership.

All physicians who practice at Froedtert Hospital are Medical College of Wisconsin faculty who are dedicated to patient care, research and teaching. Our physicians are consistently honored by recognition in Best Doctors in America®, and other local and national publications. Patients benefit from a full range of medical and surgical specialties, ranging from internal medicine to neurosurgery. At Froedtert & MCW more than 37 different medical specialties work together as multi-disciplinary teams treating everything from the routine to the most difficult cases.

Detailed information about Froedtert & MCW is available online at froedtert.com. Learn about clinical programs and services, Medical College physicians, clinical trials, treatments and technology and more.

Recognitions

Top Hospital in Milwaukee

Froedtert Hospital ranks nationally in three specialties: nephrology, pulmonology and ear, nose and throat care in *U.S. News & World Report's* Best Hospitals list. This places Froedtert Hospital among the top 50 U.S. hospitals in these areas. Froedtert Hospital is also recognized as high performing in five specialties: cancer; urology; geriatrics; gastroenterology and GI surgery; and neurology and neurosurgery.

Leader in Equality

The Human Rights Campaign Foundation recognized Froedtert Hospital as a "Leader in LGBT Healthcare Equality" for protecting our LGBT patients and employees from discrimination, ensuring equal visitation for LGBT people and providing staff training in LGBT patient-centered care.

Magnet® Designation

Froedtert Hospital has received for the third time the prestigious Magnet designation for nursing excellence by the American Nurses Credentialing Center's Magnet Recognition Program®. The achievement recognizes superior quality in nursing care as evidenced by performance outcomes, with nurses who are among the best in the nation.

Excellence in Surgical Care

Froedtert Hospital is the only Wisconsin hospital that has been recognized by the American College of Surgeons National Surgical Quality Improvement Program (ACS NSQIP®) for quality of inpatient and outpatient surgical care, ranking among the top 10 percent of participating hospitals. The program requires hospitals to track the outcomes of inpatient and outpatient surgical procedures and collect data that assesses patient safety and can be used to direct improvement in the quality of surgical care.

Top Cancer Program

The Froedtert & MCW Cancer Network has been recognized for sustained excellence in patient experience, ranking in the top five percent of nearly 1,100 other United States health facilities. In addition, more than 95 percent of patients would recommend the Froedtert & MCW Cancer Network to family and friends.

The 2018 Guardian of Excellence Award® from Press Ganey, a national company measuring health care organization performance, is based on responses from cancer patients who were surveyed on a variety of factors describing their treatment experience with the Froedtert & MCW Cancer Network.
