## Who We Are

Froedtert Menomonee Falls Hospital, founded in 1964 by the citizens of Menomonee Falls and surrounding communities, is a full-service hospital that specializes in cancer care, heart and vascular care, orthopaedics, women's health and advanced surgical procedures. Froedtert Menomonee Falls Hospital is part of the Froedtert & MCW health care network, which includes Froedtert Hospital in Milwaukee, eastern Wisconsin's only academic medical center; hospitals in Kenosha, Pleasant Prairie and West Bend; and more than 40 primary and specialty care health centers and clinics.

A teaching hospital, it is home to inpatient training for Medical College of Wisconsin Froedtert Menomonee Falls Family Medicine Residency Program. The residency program began in July 2017 and has six residents in each class. A three-year residency, the program includes 18 residents.

The hospital's foundation supports the mission of Froedtert Menomonee Falls Hospital. As the fund-raising arm of the hospital, the foundation funds many deserving projects directly benefiting patient care within the hospital as well as the broader community and service area through special events and giving campaigns.

The Community Outreach Health Clinic at Froedtert Menomonee Falls Hospital serves uninsured or under-insured individuals. The clinic's mission is simple, advancing the health of the communities it serves through exceptional care enhanced by innovation and discovery. No patient is turned away because of the inability to pay for needed health services.

With nearly 300 volunteers, Volunteer Services supports the mission of the hospital by providing care and services to patients, families, visitors, providers and staff. In fiscal year 2019, the volunteers logged 29,697 hours of total service hours to Froedtert Menomonee Falls Hospital.

A non-profit facility accredited by The Joint Commission, Froedtert Menomonee Falls Hospital enhances and improves the quality of life in Waukesha, Washington, Milwaukee and Ozaukee counties by combining next-generation technology with personalized care.

July 1, 2014, marked the hospital's 50th anniversary. For more than five decades, the 'hospital on the hill' has met the health needs of its patients and been a part of the fabric of the Menomonee Falls community. Proclamations from the Village of Menomonee Falls, Waukesha County and the State of Wisconsin were given to the hospital in recognition of 50 Years of Caring.

## Recognitions

### Complex Teaching Medical Center Honor from Vizient

Vizient, an alliance of United States academic medical centers and hospitals, ranked Froedtert Menomonee Falls Hospital, No. 2 out of 82 participating complex teaching medical centers in Vizient's 2019 Quality and Accountability Study. This latest honor recognizes exceptional performance and the hospital's second year in the complex teaching medical center category, a reflection of growing capabilities at Froedtert Menomonee Falls Hospital. The annual Vizient Quality and Accountability Study assesses performance in quality and safety across a broad spectrum of patient care activities.
