

Getting Ready for Your COVID-19 Vaccine Appointments

When you are invited to receive the vaccine, the quickest and most convenient way to schedule your appointments will be through the Froedtert & MCW mobile app. To get ready, download the app and sign up or link your MyChart® account. Here's how:

If you have questions about how to set up your account, please contact our digital support team at **414-777-0900**.

*You can request to allow another adult to access your MyChart® account, request access to your child's (under the age of 12) account or request access to an adult patient's account for whom you are power of attorney. These requests can be submitted by logging in to MyChart® using your web browser. Navigate to the menu in the upper left-hand corner, then select "Personalize" under "Account Settings." To request proxy access for a minor between the ages of 12-17, please contact the patient's primary care provider.
