

# Parking at Froedtert Menomonee Falls Hospital

Froedtert Menomonee Falls Hospital has a limited number of onsite parking spaces to accommodate patients, visitors and staff. The increasing lack of onsite parking spaces is the result of growth, both physical in terms of the footprint as well as services, programs and staff.

## Onsite parking criteria for students and instructors

Students and faculty with clinical beginning before 1500 will park in Lot J on the east side of Town Hall Road and utilize the B employee entrance. Those with clinicals beginning after 1500 may park in any employee parking area.

## Shuttle service available for parking Lot J

A shuttle, operated by GO Riteway, will provide transportation during key hours between Lot J and Lot B, Employee entrance:

- Weekday mornings between 0545 and 0845
- Weekday afternoons/evenings between 1430 and 2000

When walking to the hospital from Lot J, use only the crosswalk on Town Hall Road near driveway B. Improved by the Village of Menomonee Falls in 2013, this crosswalk offers rumble strips on Town Hall Road, stainless steel curb ramps and permanent pedestrian crossing signs.
